

Llama [square_grid]: ablate QK heads at ONE layer -> RSA over subsequent layers

Llama: RSA over layers — clean (black) vs ablate QK @ each layer (viridis by abl layer)

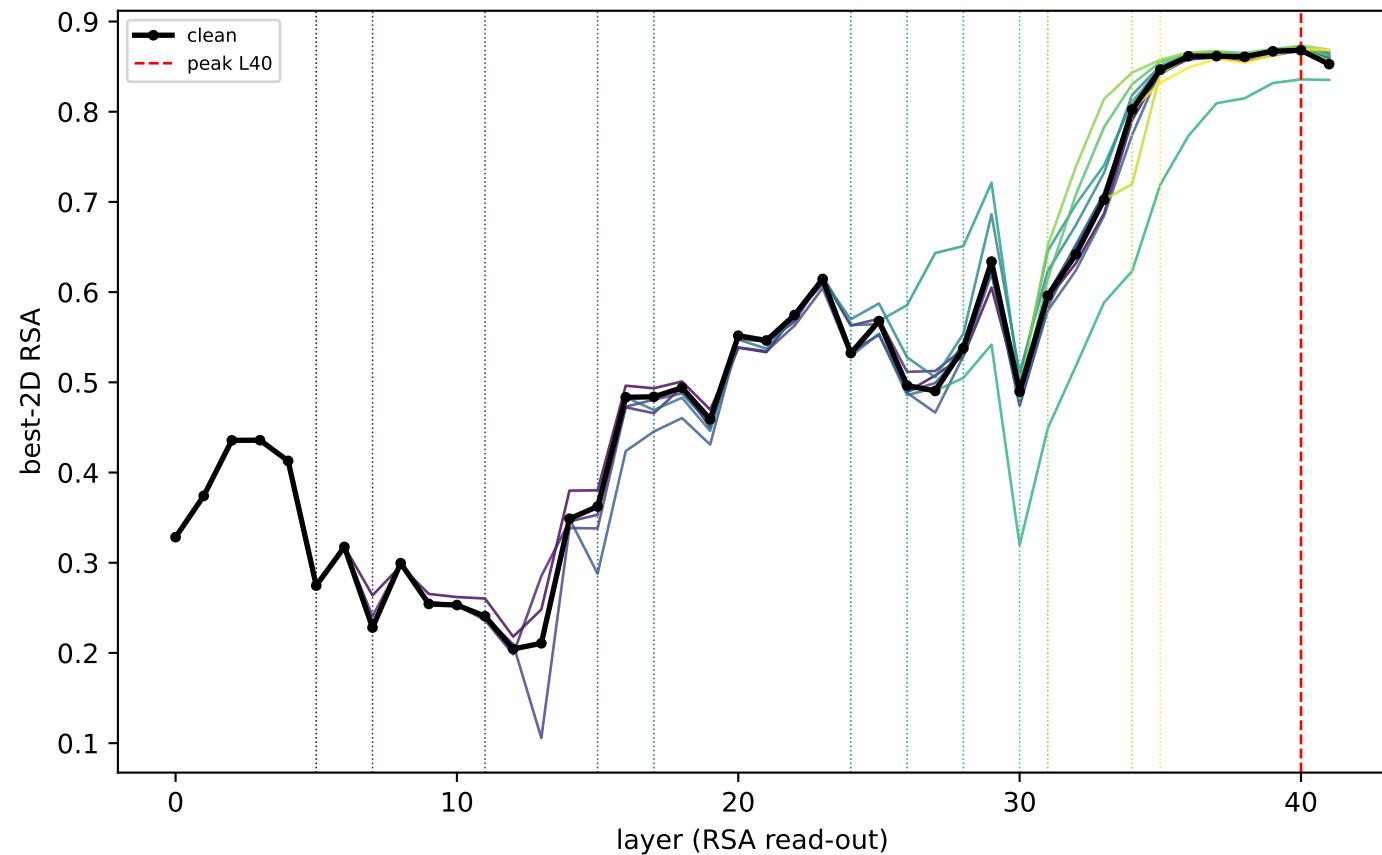

Llama: geometry damage at peak vs which layer's QK heads ablated

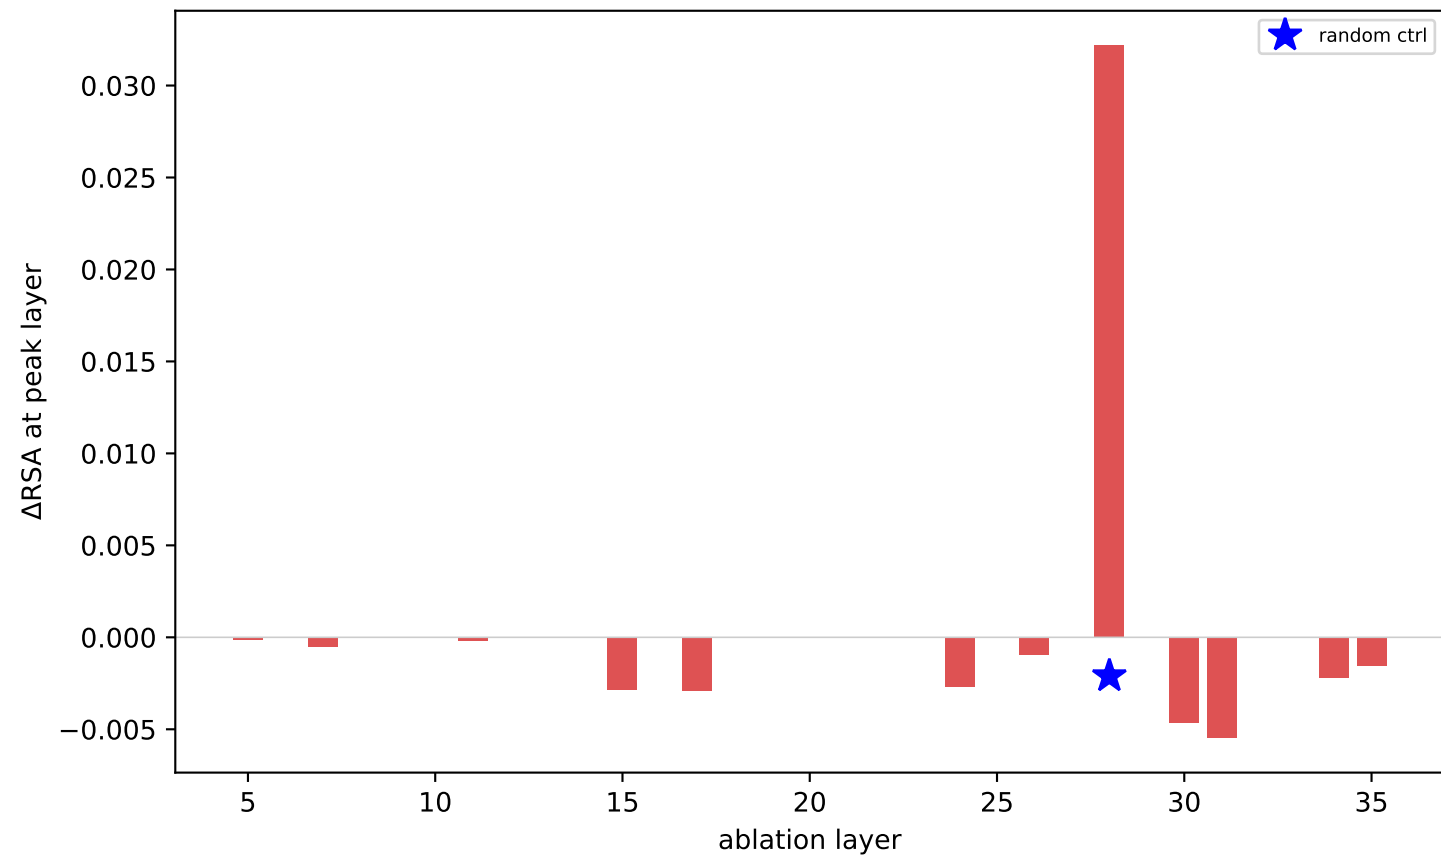

Gemma [square_grid]: ablate QK heads at ONE layer -> RSA over subsequent layers

Gemma: RSA over layers — clean (black) vs ablate QK @ each layer (viridis by abl layer)

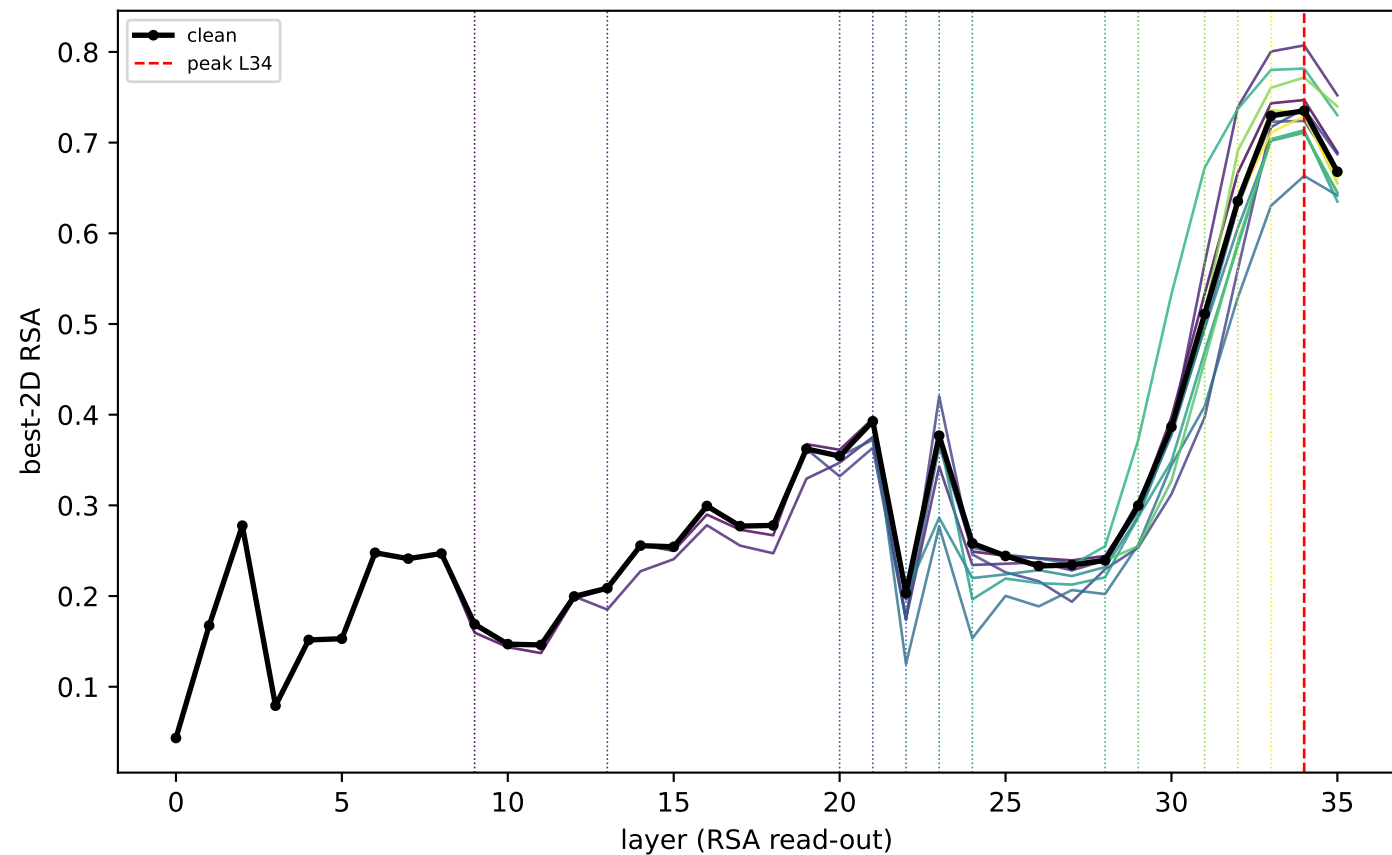

Gemma: geometry damage at peak vs which layer's QK heads ablated

Qwen [square_grid]: ablate QK heads at ONE layer -> RSA over subsequent layers

Qwen: RSA over layers — clean (black) vs ablate QK @ each layer (viridis by abl layer)

Qwen: geometry damage at peak vs which layer's QK heads ablated
